

Opening Minute

The SOR at enclosure 1 is a requirement for a rock crusher.

The Basrah Commonwealth War Graves Headstones and Memorial Plaques [REDACTED] [REDACTED]. Authority has been granted by Comm NSE and the Commonwealth War Graves Commission to crush the grave stones. These are to be crushed to 40mm, to ensure that no insignia or names are readable. They are then to be used to make a French Drane near the Medical Centre.

I have contacted several companies to obtain a crusher.

[REDACTED] from 524 from Prom office has viewed the piece of equipment held by [REDACTED] [REDACTED] but has found it unsuitable for the job.

[REDACTED] has been trying to find a piece of equipment here on SLB but has had no luck. He has now suggested that the stones could be destroyed by a sledge hammer. I am waiting for him to get back to me after speaking to Padre [REDACTED], 7 LSR.

Minute 1

[REDACTED] has called and informed me that there is a company already on SLB who can crush the rock. The company is [REDACTED]. They are already security cleared. SSGT [REDACTED] has assessed the situation with Padre [REDACTED] and the contractor, and confirmed that it will take [REDACTED] days with [REDACTED] workers to finish the task. He has obtained a quote of [REDACTED].

I have now drafted a contract to issue to the contractor.
