

(f) Commonwealth War Graves Headstones and Memorial Plates – SLB. 40
pallets of previously vandalised Headstones and Memorial Plates have been transported to SLB for use on the soakaway adjacent to 7 LSR. CIVSEC are currently having difficulty locating a suitable contractor to crush the stones. On the advice of the MPF, 64 Wks Gp RE, it was suggested that a civilian work force be used to break down the Headstones. Due to the sensitive nature of the task, PROM is awaiting approval from the Padre 7 LSR.
